Total - 20 Members

**Heather Naismith, stepped down due to outside commitments**

# Chair Update – Roads & Safety

## Council update on actions outstanding - Crawforddyke Primary School Road

Measure	Progress	Update & timescale
<p><b>Traffic Calming proposals for Glenafeoch Road. / Part time 20mph mandatory speed limit for Glenafeoch Road.</b></p> 	<p>Due to the recorded vehicle speeds, consideration was being given to replacing the existing give way junction controls at Parkandarroch Crescent and Angus Road with mini-roundabouts. This will reduce traffic speeds as drivers on all approaches to the junctions will be required to slow down and be prepared to give way to traffic.</p> <p>Should this be implemented, a further speed survey will be undertaken once the roundabouts are in place and if vehicle speeds are reduced sufficiently a part-time 20mph speed limit will be introduced on Glenafeoch Road. In the event of speeds not being reduced, other measures such as horizontal traffic calming (road narrowing/priority vehicles) will also be considered.</p>	<p>Design work to provide mini-roundabouts on Glenafeoch Road and the repositioning of the Vehicle Activated Sign on Eastfield Road was complete and the project was ready for issue but it was held up due to the Covid lockdown restrictions.</p> <p>This work would normally have been completed by the councils own Construction Unit but the restrictions have meant this work has had to be sub-contracted to an external contractor.</p> <p>This unfortunately has delayed the start of work however; <b>they confirm that these works will be completed by the end of the current financial year.</b></p>
<p><b>Relocate Vehicle Activated Sign on Eastfield Road</b></p>	<p>Instruction issued to contractor – <b>Some works noted, but post reinstated as was</b></p>	

# Chair Update – Roads & Safety

## Council update on actions outstanding - Crawforddyke Primary School Road

Measure	Progress	Update & timescale
<p><b>Relocate 20's Plenty Signs to junction of Glencoe Road</b></p>	<p>Instruction issued to contractor</p>	<p>As part of the Transport Scotland, Spaces for Everyone initiative, <b>The existing “Twenty Plenty” advisory speed limit signs are scheduled to be replaced with mandatory 20 mph speed limit signs around Crawforddyke Primary school.</b></p> <p>This has the intention of highlighting the presence of a Primary School and encouraging motorists to drive at an appropriate speed whilst also encouraging school pupils and staff to use sustainable forms of transport. It is anticipated that sections of both Eastfield Road and Glenafeoch Road will have the 20mph speed limit.</p> <p>Currently finalising the extents and details of associated entrance gateway measures and it is expected that these works will also take place early next year.</p>
<p><b>Bollard options for access path / road off of Glenafeoch Road – pending update.</b></p>		<p>As vehicle access to the playing fields and skateboarding park is required to be maintained, unable to accede to this request.</p> <p><b>Gone back to council on this point again and waiting to hear back.</b></p>

# Chair Update – Roads & safety

- **New Parent / Carer Survey:**  
Engaging people – information gathering on travel and safety.  
(Information for us not council stats)  
– **Draft in progress**

## Crawforddyke Parents & Carers travel survey

Update with intro text and link...

1. What mode of transport do you generally use to travel to school?

- Walk
- Bike
- Car
- School Bus
- Other (please specify)

2. Please help us to understand why you drive and what would encourage you not to use the car:

3. Are there any issues on the routes (paths or roads) you or your child takes to school that we may be able to look into on your behalf?

8. Do you have any suggestions for how these issues could be solved?

9. If you have any further comments on the travel and safety for our school and children, please use the comments box to tell us.

Update with intro text and link...

1. What mode of transport do you generally use to travel to school?

- Walk
- Bike
- Car
- School Bus
- Other (please specify)

6. Please help us understand why you choose to travel by this method:

7. Are there any issues on the routes (paths or roads) you or your child takes to school that we may be able to look into on your behalf?

8. Do you have any suggestions for how these issues could be solved?

9. If you have any further comments on the travel and safety for our school and children, please use the comments box to tell us.

# Chair Update – Roads & safety

Items still in discussion to be taken forward with regards to our roads safety work...

- **JRSO presentation: Benefits of walking** - Adapt for Parent & Carer audience. Make more hard hitting / using FB page for regular snippets and information sharing. Put out on school app where appropriate to.

- **Shona – connecting with JRSO on hold**
